

The Development Process

This webpage documents the various stages my project has gone through. It includes the assignments I have completed for the ENGL877 "Advanced Topics in Digital Humanities" course. Click on the title of the post you would like to read in order to access the full text.

Project History

Working on this project for the past three months has been challenging for me, especially when it came to designing a complete website. Nevertheless, it has been a very beneficial...

Values Statement

The *Cornelia Sorabji* digital humanities project is a continuation of the work established by the *One More Voice* project where the lives and the works of minoritized voices from the nineteenth-centur...

Intervention Statement

The Cornelia Sorabji satellite project aims at expanding the scope of the author's section on the *One More Voice* website and giving more space to the context of her life and work. Though the...

Images Overview & Captions

Note: Below is a list of images that relate to Cornelia Sorabji's life and work. To view the images with the captions, follow this link to the main website's gallery page: images <https://cornelia-...>

Text Introductions & Pull-Quotes Statement

Cornelia Sorabji's interests and position as an Indian female lawyer and social activist who aimed at contributing to the social reform of her country feed into her published works. She was one of th...
