About This DH Project

This [One More Voice](#) satellite project is a part of the ENGL877 "Advanced Topics in Digital Humanities" course which is being offered by the Department of English at the University of Nebraska-Lincoln. It is developed by the student Majed Alatawi and supervised by Dr. Adrian Wisnicki.

The project aims at supporting the mission of *One More Voice*, which is a digital humanities project that focuses on recovering and recentering the contributions of non-European minoritized authors who were active during the nineteenth and early twentieth centuries.

The Cornelia Sorabji website engages with the life and works of the first Indian female lawyer Cornelia Sorabji. It also makes references to relevant scholarship in an attempt to help students and other users find more about Sorabji on a website that connects to different platforms and presents different materials related to the Indian author. It also documents the stages of developing this project throughout the spring semester of 2021-22.
